

HATCHES BIRD HABITATS

We can now be a resource for a collection of wild bird houses that will be a beautiful addition to your diverse landscape. These houses will provide a more naturalistic and attractive habitat for a variety of birds from Herons to Owls and other feathered friends.

Purple Martin House

Blue Heron Nesting Platform

For MCE, our programs are about providing responsibility, educating, and training our offender employees to care for our natural resources, while giving something back to the community. It is also about moving forward to help build a mutually sustainable future that generations can enjoy.

Our bird houses come either fully assembled or in an easy-to-assemble kit form. The kits are the perfect solution for achieving merit award badges or for fun nature programs.

To learn more about how MCE can support your bird conservation efforts, and make a difference for the birds and for the environment, contact your Account Representative.
